About

I was born in Shanghai, China. Since I was young, I have been interested in animation, games drawing and painting, so I am better at drawing class design. In addition to interface design skills, I'm also good at manual and watercolor. I'm still improving my interface design and communication skills. In order to understand each other's meaning more accurately, I prefer to communicate by email.

Work Experience

Waiola shave ice

Part-time clerk,
July 2018-September2018

- Make shaved ice according to customer needs.
- Clean store environment and replenish goods in time.
- Take charge of the cashier occasionally and get along well with my colleagues.
